Dear Mr. Parker:

This is in reply to your letter dated August 28, 1985 in which you have requested that the above referenced License, issued to and held by Union Carbide Corporation, be cancelled.

Attention: George Kasyk

Dear Mr. Kasyk:

Please renew our New York Radioactive Materials License No. 955-0139, Reference No. 1. Attached is a consolidated statement of income and retained earnings, a consolidated balance sheet, and a report on an examination of the income and balance sheet by independent certified public accountants from the 1980 annual report. Please use this information as evidence of financial responsibility, and continue to waive the security requirements of Section 38.7 of Industrial Code Rule 38.

Also, please revise Condition 12.A. to read: "The radioactive materials shall be used by, or under the supervision of, D. R. Brosnahan (Radiation Safety Officer) and persons designated by him." This reflects the anticipated retirement of H. J. O'Hear.

Be advised that the last amendment referred to in your notice of license expiration and security was No. 8, whereas the last amendment is No. 9.

Very truly yours,

A handwritten signature in dark ink, appearing to read "D. R. Brosnahan", written in a cursive style.
